

We All Want the Best for Our Kids!

Reading and sharing books with our children is vital to developing reading skills and supporting academic success. Michigan Reads encourages parents, caregivers, teachers, and librarians to read to our littlest learners and provides them with all the tools needed for the perfect read aloud! Each year the Library of Michigan selects a children's book and develops a program with activities for that book. The kits of books, posters, bookmarks, and program guides are then distributed to Michigan schools and libraries across the state.
